

KNIGHTS WITH OTHER BODIES HEAR SUNDAY

Rock Island Commandery in Full Dress Uniform Conspicuous at Service Yesterday.

One of the most conspicuous delegations that has yet visited the tabernacle was that of the Knights Templar yesterday morning. Led by Amos grotto band, 150 members of Rock Island commandery No. 18 marched to the tabernacle, the knights appearing in the full dress regalia of the order, which is brilliant and beautiful and made an impressive sight as the company filed into the building carrying their white plumed hats while the audience stood and sang "Onward, Christian Soldiers." H. A. Stevengine and C. W. Thatcher, past commanders, and S. R. Davis, eminence commander, led the way, he band taking place on the platform for the services while the remainder of the company occupied seats in the center section of the tabernacle. E. C. Fisher, the prelate of the knights, offered the opening prayer and at their request another verse of "Onward Christian Soldiers" was sung.

Homer Rodeheaver, in welcoming the company, said he had never seen a finer crowd gathered together for a greater purpose than the men who pledge themselves to an obligation that makes them just about right, or if they are not they are false to their vows, and therefore mighty big hypocrites, and he added, "I hope you will get the spirit of the great Persian when he said 'I must not, I cannot, I will not.' He praised the band for the enthusiasm they showed in their work and he said he hoped they would show the same enthusiasm in their religious life as work that they show in other things."

Mr. Rodeheaver played on his trombone, "Safe in the Arms of Jesus," and when Mr. Sunday took the pulpit he said that whenever he saw a templar's white plume he knows that it is worn by someone who stands for Christ. "I know the principles for which you men stand and on which your organization is founded and I honor those principles."

At the close of his sermon and at his invitation the entire body of men walked down the sidewalk trail to renew their vows. It was a wonderful sight as every knight to a man stood and unflinchingly came forward to declare to the world his desire to stand for all that is good.

800 From St. John's.

The largest delegation of the day was from St. John's Methodist church, Davenport, 500 members taking part in the morning services, and practically every member came forward to reconsecrate himself to the cause of righteousness.

Members of the Covenant Bible class of the First Methodist church also came forward as a body to take their stand for Christ, carrying banners to identify them and their purpose.

Delegations attended also from Reynolds and Taylor Ridge, Port Byron, Bethel Sunday school, Hilldale and Zuma churches, large numbers coming from these nearby towns and communities. The McCausland, Iowa, church sent six people in a body, as a special delegation.

At the request of the Hilldale and Zuma people, Mrs. William Asher and Mr. Rodeheaver sang "In the Garden," and a quartet composed of Homer Rodeheaver, Robert Matthews, Albert Peterson and Mr. Stiles of East Moline sang "Jesus." The latter was a teacher of voice and during the war sang for the boys in the trenches in France and has since engaged in Y. M. C. A. work.

Two large delegations were in attendance at the Saturday evening service: Rock Island and Scott counties Odd Fellows and Scott county farmers. The Odd Fellows a total of about 400, occupied the center block section and above them was suspended the emblem of their order, the three link chain. The farmers came about 500 strong and to them Mr. Sunday had much of interest to say, since he always evinces much interest in the farmer and his life.

Tuesday evening Rock Island and Scott county Women's Christian Temperance union members will attend in a body and reserved seats will be held for them until 7:15. In addition to this company 1,500 members of the Brotherhood of Conductors and Trainmen will attend; 100 will come from the Mc-Clellan Heights United Presbyterian church, Davenport, and 75 World Wide guild members from the Davenport Baptist church.

USE TENNESSEE TROOPS. Nashville, Tenn., Oct. 27.—Governor Roberts called out six companies of state troops for guard duty at Knoxville, where street car service was resumed with non-union men.

This is Women's and Children's Underwear Week at McCabe's.

NEED MEN FOR WORK ON MANY BUILDING JOBS

Big Order at Employment Office From Arsenal Also, Asking Various Grades.

Construction laborers are the crying need of tri-city employers just at present, voiced through the Illinois free employment bureau, while many track and paving laborers can be placed by application at the bureau office.

The Rock Island arsenal plant is demanding several hundred workers of various grades. Chief among these is a force of about one hundred men, wanted to store and sort material sent into the island plant from overseas as well as from military camps. This work pays 46 cents per hour, an eight hour day, and promises to last well into spring. Twice the number of men now at work can be employed in the work of rebuilding the roadbed of the Tri-City Railway company's track along Second avenue, and so there are many jobs open for track and paving men.

The construction men are required both in Rock Island and in Moline, where several large buildings are being erected. Their immediate help is needed to put these jobs as far along as possible before winter weather.

Domestic Help in Demand. Practically every class of domestic help is mentioned in the applications to the bureau for female workers. Cooks, maids, housekeepers, and all the rest can easily obtain positions through this office, as the shortage of these classes in Rock Island is right now pronounced.

Open jobs continue at the Savanna proving grounds of the Rock Island arsenal, notwithstanding the fact that a shipment was sent there only this morning. Skilled union plasterers are paid \$12 per day working 10 hours at \$1 per hour with a bonus. This is steady work for several months. Carpenters also are much in demand there, and men of both trades can easily secure jobs upon application to the employment office, being sent up to the seat of operation within a few days. Other classes of labor at that place are pretty well filled.

Need Skilled Machinists. In addition, highly skilled shopmen can be placed at the Rock Island arsenal. There are good places for 30 machinists and eight or nine tool makers. These men are required to be very proficient in their lines.

Last week the Illinois free employment office placed at positions 375 men and 71 women or a total of 446 jobs filled. There were 495 positions which could not be filled, 24 for women and 471 for men.

CITY SNORES AS TIME CHANGE IS MADE ON SUNDAY

Time has long had a reputation of being feeble.

If the daylight saving plan were to remain in effect from year to year, time soon would gain notoriety for its flexibility as well.

In fact, Rock Island slept through Saturday night and Sunday morning while a prodigious hour, missing since last April came home to be reclaimed and when Rock Islanders awakened yesterday morning those who had forethought to set their clocks back an hour, or ahead 11 hours, woke up on time and were going along about their Sunday morning duties just as though nothing had happened.

There was no confusion and save for a clock here and there that had not been set back as advised, there was no indication yesterday that anybody had been "monkeying" with Father Time.

TEN BOYS FINED FOR DESTRUCTIVE HALLOWE'EEN JOKE

(Special Moline Service).

Ten boys were found guilty in Moline police court Saturday afternoon on charges of disorderly conduct involving a Halloween prank and a broken window at 1540 Sixteenth street, Moline. Each boy contributed 80 cents toward payment for a new window and each was fined an additional \$1.

Halloween pranks are not innocent when they involve destruction of property, according to the Moline police. Extra policemen will probably be engaged to see that pranks on Halloween night remain innocent.

The boys who were fined by Magistrate Gustafson Saturday afternoon are: Raymond Carlson, William Adams, Wilbur Lage, Jesse Pike, Irving Odean, Harry Odean, Wilbur Olson, Oscar Carlson, Lawrence and Raymond Steward, both colored.

This is Women's and Children's Underwear Week at McCabe's.

WILL DRIVE FOR FUNDS BEAT THE CHICAGO MARK?

If Rock Island people subscribe their quota toward the Jewish relief fund with the show of speed and generosity of Chicagoans they will establish a record of which to be proud.

Chicago has already pledged nearly half of its amount. Of the \$2,000,000 asked for, \$925,000 is already promised.

Names of the large Chicago contributors are announced as follows: J. Katzenberger, \$5,000; American Union of Rumanian Jews, \$4,000; Steele-Weddes company, \$3,000; Sprague-Warner, \$1,000. Names of 15 were announced yesterday as contributors to the extent of \$1,500 each.

The moving picture theatres will join in the campaign in Chicago, and will have four-minute movies on their programs during the week, showing conditions among the starving people of Europe. Robert Byfield, a member of the American food commission in Poland and Austria, told of conditions there and showed the necessity of American help at once.

RECEIVES NOTICE PARCEL POST FOR AUSTRIA RESUMED

The Rock Island postoffice received word today that parcel post mail service with Austria has been resumed for the first time since it was suspended at the outbreak of the war. Packages weighing up to 11 pounds will be shipped at a charge of 12 cents a pound.

In Japan a child is told that if he kills a cat it will revenge itself for seven generations; or that if he kills a frog and watches its twitchings in its death struggles, ever after his hand will tremble when he tries to write.

C. M. & ST. P. TRAINS TO USE "Q" DEPOT
